SILVER

# delicately crafted...

For generations silver has been passed down. Whether a tea set, a piece of jewellery or a serving tray, this precious metal remains a symbol of quality, longevity and everlasting style. Each piece of our silver collection is hand crafted and carefully tooled to maintain its integrity and style.

Murano glass is a famous product of the Venetian island of Murano. Located off the shore of Venice, Italy, Murano has been a commercial port as far back as the 7th century. By the 10th century, the city had become well known for its glassmakers, who created unique Murano glass.
