## HONEYCOMB and SOFTSTYLE CELLULAR HARDWARE COLOR GUIDE

The headrail and bottomrail for Honeycomb and SoftStyle Cellular Shades have been color-coordinated to one of these 23 colors. Please consult the current Honeycomb Shades or SoftStyle Cellular Shades Price and Reference Guide for the coordinating hardware color name & number.

**Note:** A different hardware color can be selected at no additional charge. Headrail Color Override is only available when the Fabric-Wrapped Rail option is not selected.

**Optional Fabric Wrapped Rail:** Coordinated fabric covers the headrail, providing a seamless, custom look. When Fabric-Covered Headrail is selected the underlying headrail color will always be white and the end caps will still be color coordinated. Surcharge applies.
